

SERVICE AGREEMENTS

PREVENTIVE MAINTENANCE, YOUR BEST ASSURANCE FOR MAXIMUM MACHINE UPTIME

For existing Moba equipment or new machines we offer the Service & Maintenance agreements. With the Service agreements you have the choice to do your maintenance inhouse or to outsource it to Moba, where specialised professionals will service your products and systems as well as applications and processes to increase system availability and productivity, and to keep your equipment in top condition.

Benefits at a glance:

- Extends the lifetime of your hardware
- Maximises equipment, uptime and availability
- Operation at optimal performance and efficiency
- Increase lifespan of equipment
- Fixed price agreement
- Control of the operational costs, no surprises
- Quality and guarantee on delivered services
- Quick response
- Trained & experienced service engineers
- Priority on support
- Exclusive access to FAQ and instruction manuals
- Inspections in accordance with Moba service intervals and inspection lists.
- Calibration and certification of all Moba measuring equipment

Privileges you'll enjoy with a Service Agreement when purchased with a new machine:

- One year iMoba Performance Pro license
- One year Moba remote solutions webapp license
- Free of charge 24/7 Helpdesk and remote support
- One year Extended Warranty (when purchased a 5 year Service Agreement with a new machine)
